## **HEALTH CERTIFICATE**

Lynwood Avocado Nursery is a member of the New Zealand Avocado Nurserymen's Association.

Our nursery uses Good Agricultural Practices.

We employ a High Health Scheme at all stages of avocado propagation, which naturally includes high levels of hygiene management.

This means there are records to confirm that the propagation material (seeds, rootstock and fruiting scions) is true to type, meet defined physical specifications, are free from pests and diseases and meet all applicable industry and regulatory requirements.

For all trees with a current PVR (Plant Variety Right) we are holding a copy of the required, signed "Non-Propagation Agreement" on site.

This serves as the certification required, for Avocado trees supplied by Lynwood Avocado Nursery Ltd.

Your faithfully

Lynwood Avocado Nursery Ltd
